**Subject:** 2020 National Championships - Cancelled

Dear State Members, HPC, State HP Coordinators,

At their recent meeting, the AWF Directors determined to review the status of the 2020 National Senior, U23, Junior, Youth and U15 Championships at the end of August. However, in light of the worsening situation with the coronavirus in Victoria, New South Wales and Queensland, and the likelihood of interstate travel for all Australians being heavily restricted for many months to come, the AWF Directors have today taken the difficult but necessary decision to cancel the National Championship event scheduled for 24-28 November 2020 in Sydney.

The AWF is exploring a number of options for conducting online competitions and more information about this will be provided in the near future.

Kind regards,

Ian
